

PRICES OF SHEEP DROP SLIGHTLY

EXPECTATION OF LATER RUN AFFECTS MARKET

Spring Lamb are Nearly a Dollar Less Than Previous Offers—Nor Selling for Five Dollars—Demand for Hogs and Cattle Continues—Potatoes Arrive at Continued High Prices—But Little Interest Shown in Wheat.

Portland, May 4.—While no run of sheep was shown during the past 24 hours the market is weak and prices in the main are fully 25c lower than yesterday. Spring lambs have dropped to \$5, a drop of nearly \$1 from previous quotations, but the general market went down only a quarter of this sum.

It is not so much the arrivals of sheep at this time that is affecting the market here so much as the expectation of a big run to come in the near future. Whether the trade will be disappointed in the showing of arrivals remains to be seen, but there are some indications that point that way.

Demand for Hogs and Cattle.

While the strength of the cattle market applies more to the better grade stuff than to ordinary lots there is no real weakness in any branch of the cattle market. Best steers are still able to move as high as \$5.75, but of course it would take something select to reach that figure. None of the stuff coming forward of late will reach the top, most of it selling around \$5.25 and \$5.50.

Potatoes Arrive.

Just how many cars of potatoes have been brought into sight by the recent record prices here and elsewhere on the coast is hard to say—in fact, a correct estimate of Oregon's potato supplies is at all times an utter impossibility, for no matter how big the estimate is made there are always more cars to be had whenever the price meets the view of the backward holders. It is safe to say today, however, that fully 25 additional cars have been discovered within the past 24 hours. Sales have been reported at country shipping points around \$1.85 or a fraction better than means close to \$2 here.

No Interest in Wheat.

There remains only a scant interest in the local wheat market.

While sales of wheat are occasionally reported at a slightly higher range, none can be confirmed.

There is a firmer tone in oats and one lot is reported sold at \$41 a ton track Portland.

Barley is firm with some slight advances in the price reported. General range unchanged, however.

Livestock Market.

Hogs—Best east of mountains, \$7.75; good, \$7.25@7.50; blockers, \$7.25@7.50; steers, \$6.75@7.

Cattle—Best steers, weighing 1200 pounds, \$5.65@5.75; medium steers, \$5.25@5.40; poor steers, \$5.25; best cows, \$4.50; medium cows, \$4.25; bulls, \$2.50@3.50.

Sheep, sheared—Best wethers, \$4.50 spring lambs, \$5; straight ewes, \$3.50@4; mixed lots, \$4.

Calves—Light, \$5.50; heavy, \$5.

Wool and Hides.

Wool—1909—Willamette valley, 18@21c; eastern Oregon, 17@22c.

Tallow—Prime, per lb., 3@4c; No. 2 and grease, 2@2 1/2c.

Sheepskins—Shearing 10 @ 15c each; short wool, 25@40c; medium wool, 50c@1 each; long wool, 75c@1.25 each.

Hides—Dry hides, 11@16c lb.; green, 8@10c lb.; bulls, green salt, 6c per lb.; klips, 9c; calves, green, 16c per lb.

Mohair—1909, 23 1/2@24c.

Grain and Flour.

Barley—Feed, \$3.50@3.75; rolled, \$3.50@3.75; brewing, \$3.75.

Wheat—Buying price, new—Track, Portland—Club, \$1.20; bluestem, \$1.30 red Russian, \$1.17; Turkey red, \$1.20 @1.25; Willamette valley, \$1.15.

Millstuffs—Selling price—Bran, \$26.50; middlings, \$33.00; shorts, \$30;

SURE CATARRH CURE.

Brings the Forests of Pine and Eucalyptus to Your Home.

Germs cannot live when Hyomei (pronounced High-o-me) is used. You just breathe in this soothing yet most powerful antiseptic air and relief is immediate. It is exactly the same air as you would breathe in the forests of pine and eucalyptus of Australia where catarrh or consumption was never known to exist.

If you have catarrh and are constantly embarrassed because you must hawk, spit and snuffle, surely you will give Hyomei the attention it deserves, when Tallman & Co. will guarantee this pleasant remedy to cure all this distress or humiliation, or will give you your money back.

Hyomei kills catarrh germs, to relieve the soreness and distress in five minutes. It stops hawking and snuffling and makes you feel like a new man in a week. It is the surest and most satisfactory catarrh treatment known and gives comfort and relief to consumptives.

A complete outfit, including inhaler, costs but \$1.00, and extra bottles, if afterward needed, cost but 50c. A few minutes' time each day is all you need to quickly cure the most chronic case. Hyomei is sold by all leading druggists.

MI-ONA Cures Indigestion

It relieves stomach misery, sour stomach, belching, and cures all stomach disease or money back. Large box of tablets 50 cents. Druggists in all towns.

chop, \$23@31; alfalfa meal, \$20 per ton.
Flour—Selling price—Eastern Oregon patent, \$8.05@8.10; straight, \$5.10; export, \$4.70; bakers, \$6.05; valley, \$5.30; graham, 1-4s \$5.10; whole wheat, \$5.40; syc 6s, \$5.50; bales, \$3.00.

Potatoes.

Potatoes—Selling, \$2@2.25; buying for shipment, per cwt., country extra fancy, \$1.80@1.85; ordinary, shipping, buying, \$1.75@1.80; common, \$1.70@1.75; sweet, \$2.50@3.00.

COST OF WAR.

Said That Over Fifteen Billion People Have Sacrificed Themselves to It.

Chicago.—Amazing statistics will be presented to the National Peace Society, by Benjamin F. Trueblood, secretary of the American Peace Society. In a report compiled for distribution among the delegates, it is asserted that 15 billion persons have sacrificed themselves in wars since the beginning of authentic history.

"This vast number of victims," says Mr. Trueblood, "is about equal to all the people who inhabited the globe for the last 600 years, allowing three generations to the century, and 650,000,000 estimated population of the world at the opening of the 19th century as the average population per generation."

"The usual estimate of the number of men lost in the wars in the 19th century, including those who died of wounds and diseases, places it at 14,000,000. Of this number the Napoleonic campaigns are responsible for about 6,000,000. Losses in the American civil war have been variously estimated at from 800,000 to 1,000,000 men. The brief war between Prussia, Austria and Italy in 1866 entailed a loss of 45,000 men."

Mr. Trueblood also gives figures governing the cost of war from a financial standpoint.

"The figures," he said, "are staggering, and probably would be more so if they could be fully obtained. Only approximate correctness is claimed for the following statement:

"The Napoleonic campaigns, covering 19 years, cost \$15,000,000,000; the British-American war in 1812-1814, \$300,000,000; the Crimean war, 1854-1856, \$1,666,000,000; American civil war, \$12,000,000,000, and the Prussian-Austrian war of 1866, \$225,000,000."

The national debts of the world powers, Mr. Trueblood estimates at \$34,633,154,000.

"The significance of this vast sum the interest on which is over \$1,000,000,000 a year," he says, "is that practically the whole is chargeable to war and militarism."

WHY CANADA GETS THE WHEAT BUSINESS

Troy, N. Y.—Apropos of the much-talked of wheat situation, it should not escape attention that our northern neighbors are keeping close track of what is going on. Canada expects to raise a bigger crop of wheat this year than ever before, and she counts on the American experts in that line who are migrating to the Northwest to help her do it. Furthermore, Montreal, the chief Canadian port on the Atlantic side, is arranging to handle more grain than she has been doing, and it is her boast that already she ships more wheat and flour abroad than does New York, from which she has diverted much of this business. In fact, the assertion is made that last year more wheat went to Europe from Montreal than from New York and all other Atlantic ports combined. Montreal will try to distance her competitors to a still greater extent.

How has Montreal attained this prominence as a grain and flour shipping point? The question is easily answered. Montreal is really several hundred miles from the ocean, but the St. Lawrence gulf and river allow vessels of deep draft to come to her docks. A great system of internal waterways by which the products of the west are brought to her door, and terminal facilities that provide means of expeditious transfers do the rest.

The point of all this is that Canada, with far smaller population and wealth, has accomplished a great deal more for cheap transportation than has our own country.

TWELVE ARTICLES PAY OVER \$250,000,000 DUTY

Washington.—Twelve articles or classes of articles pay three-fourths of the 300 million dollars per annum collected as tariff duties by the government of the United States. The duties collected under the existing tariff law have averaged 300 million dollars per annum during the past three years, the largest sum being in the fiscal year 1907, when the total collections amounted to \$329 million dollars. In that year, 1907, sugar paid 60 million dollars duty; cotton manufactures, 39 millions; leaf tobacco, 22 millions; manufactures of fibers, 22 millions; manufactures of silk, 20 millions; manufactures of wool, 20 millions; raw wool, 16 1/2 millions; spirits, wines and malt liquors, 16 millions; manufactures of iron and steel, 12 millions; earthenware and china ware, 8 millions; chemicals, drugs and dyes, 7 1/2 millions, and fruits and nuts, 7 millions—the total for these twelve articles or groups of articles being 250 millions, or just three-fourths of the 329 million dollars of tariff collected in that year.
